

NEXT MEETING IN JANESVILLE

Southern Wisconsin Dental Association To Meet in Bower City.

POLITICS ARE FELT

Members of Board of Examiners Resign at Request of the Governor.

CREATES MUCH TALK

(Special To Gazette.)
Madison, Wis., May 16.—Janesville Wis., was chosen as the next meeting place of the Southern Wisconsin dental association, at the annual session which closed here today. Officers were elected as follows:

Officers Elected
President—C. S. Bradley, Beloit.
First Vice President—H. F. Dean, Whitewater.
Second Vice President—J. B. Baker, Madison.
Secretary—C. W. Culver, Clinton Junction.
Treasurer—W. G. Hales, Mineral Point.

Marred the Meeting
The meeting at Madison was marred by the sudden resignation of Dr. C. C. Wentworth, from the Board of Dental Examiners, who sent Governor LaFollette his resignation to take effect at once, while he was conducting an examination. In stating his reasons the doctor said that it was due to the appointment of Dr. Leslie, of Janesville, of the board when there was no vacancy and the subsequent treatment of Dr. Oliver in asking for his resignation while an examination was going on, by the of the board while it was in session.

Political Phases
There was a decided political phase to the treatment of the dentists who have been either asked to resign or replaced without the usual courtesy extended in such cases. Dr. Wentworth's resignation was not so much a question as to his own treatment but the general way in which the Governor ran matters.

DISCOVERS COFFIN IN A TREE

Engineer Finds Casket, but It Is Removed During His Absence.

La Crosse, Wis., May 16.—George Lagure, an engineer in the Dubuque division of the Chicago, Milwaukee & St. Paul road, found a coffin secreted in a hollow tree near Savanna. He hurried back to his comrades for assistance, but when he returned someone had been there and broken open the casket with a crowbar and escaped with the contents.

Change Suffrage Qualifications.

Stockholm, May 16.—The constitutional committee on the franchise question in its report to parliament proposes to lower the income qualifications from 800 kroner (\$214) to 500 kroner (\$134) and the land qualification from 1,000 kroner (\$268) to 300 kroner (\$80). The government has called in the cavalry from the provinces to protect parliament.

Successor to Corrigan.

Rome, May 16.—There are persistent reports at the Vatican that Bishop Charles McDonnell of Brooklyn will likely be the successor of Archbishop Corrigan of the archdiocese of New York. A high authority at the Vatican is quoted as saying that it seemed as if Bishop McDonnell could have the appointment for the asking.

Engineers Observe Holiday.

Norfolk, Va., May 16.—For the first time in its history the Brotherhood of Locomotive Engineers adjourned a session of its biennial convention in observance of a patriotic holiday. Two years ago in Milwaukee it sat all through Federal Decoration day, but it held no regular session in observance of the confederate memorial ceremonies here.

Investigating Meat Trust.

Albany, N. Y., May 16.—Former Supreme Court Justice Judson S. Landon as referee began an investigation, under the provisions of the Donnelly anti-trust law, to determine whether or not an illegal combination to manipulate the price of meats exists among the large packing houses of the west.

May End Cotton Mill Strike.

Augusta, Ga., May 16.—An effort is being made to terminate the cotton mill strike, now in its sixth week. A petition circulated among the King mill operatives asking that the mill be started again has already been signed by several hundred nonunion employees.

Explosion Wrecks Silk Mill.

Paterson, N. J., May 16.—With a roar that resembled that of an explosion, a large section of the mill of the Levy Silk Company fell into the Passaic River. A one-story brick building and the rear of the two-story mill went down with the retaining wall.

HONOR SHOWERED ON SPAIN'S KING

Receives Royal Orders From Visiting Princes in Presence of His Court.

Madrid, May 16.—Today's festivities in connection with the coronation, Alfonso began with the ceremony of conferring on the young monarch the English Order of the Garter. The Duke of Connaught, a brother of King Edward, made the vesture which was witnessed by all the high

HAVE ARRIVED IN MONTREAL

Kidnaped American Contractors Landed in Canadian Police Station.

TAKEN IN QUEBEC

Col. Gaynor and Capt. Green Arrive In Tug Spray After Exciting Pursuit.

RESCUE TOO LATE

Montreal, May 16.—Col. Gaynor and Capt. Greene, the American contractors, who were kidnapped from Quebec yesterday arrived here early this morning on the tug Spray. They were immediately taken to police headquarters. The tug bearing pursuers from Quebec arrived sometime later. A spirited legal fight for the custody of the prisoners is expected.

Ordered By Government

The arrest of Gaynor and Greene was the result of a carefully prepared and well-matured plan devised by the government officials. Its inception dates back to the time Gaynor and Greene left the United States and took up their residence in Quebec. The officials immediately began the consideration of the question of the best means to have them extradited and brought back to Savannah, Ga., for trial. The extradition treaty between Great Britain and the conclusion reached there existed good grounds for the extradition of the men.

Not From Quebec

The officials here satisfied themselves after a thorough investigation that Gaynor and Greene felt reasonably secure from extradition while in Quebec because of the local conditions existing there. They feared that if the men were arrested in Quebec resort would be had immediately to habeas corpus proceedings and they would be released. For this reason the determination was reached to have the warrants sworn out in Montreal and served in Quebec, thus bringing the question of holding them for extradition before the Montreal authorities.

PRESIDENT PALMA WISHES UNITED CUBA

Wants Opposition for Betterment of Government, but Objects to Personal Prejudice.

Havana, May 16.—President Palma had a long conference with Governor Jennings and Colonel William J. Bryan. The president said he had come to Cuba reluctantly, preferring his home at Central Valley, N. Y., and a quiet life with his family rather than public life. But he came because he felt it his duty. He wanted the Cubans and the Spaniards to turn their backs on the past and unitedly face the future.

The native pride of the Spaniards was commendable and he hoped they would take a similar pride in Cuba. He wanted opposition for the betterment of the government, but not the personal opposition of prejudice.

Pursuant to the programme of economy adopted Senator Palma decided to confine the republic's diplomatic representatives abroad, in addition to the representative at Washington, to a minister at Paris, who will be the general European representative; a minister to Spain, on account of the intimate commercial relations with that country, and a minister to Mexico, who will cover all South America.

Four batteries of American sea and coast artillery will remain here after the evacuation—two at Cienfuegos and two at Santiago. These will eventually man the fortifications at the naval stations to be established.

Cops Affair Leads to Suicide.

Joliet, Ill., May 16.—Elizabeth Tilton died from the effects of a poisonous drug, taken, it is alleged, with suicidal intent. Disappointment in a love affair was probably the cause of her act.

ST. PIERRE IS A TOTAL WRECK

Even the City Archives Have Been Destroyed by Lava.

SAVED NUMBER 900

Much Want and Suffering Still Among the Refugees Who Crowd Cities.

GHOULS ARE AT WORK

Paris, May 16.—The governor pro tem of Martinique today telegraphed Minister Colfries that all the city archives of St. Pierre were lost in the destruction of that city. He officially thanks the captains of the French and foreign ships who rendered valuable assistance to the local authorities after the disaster.

Goes to St. Pierre

The governor goes today to St. Pierre and other parts of the island to judge the exact situation in all directions that were affected. Mt. Pele, he said, was still smoking.

Plenty of Food Coming

The note continues: "The complete revictualizing of Martinique is provided for. The neighboring colonies have sent much. Great quantities of provisions are being ordered sent to Martinique by the minister of the colonies."

WIDOW, OR WIFE THE QUESTION

Failure To Pay Pay Costs of Lawyer and Clerk—Divorce Re-scinded.

Emma Jenkins, of Darien, must be wondering where she stands in her matrimonial ventures; whether she is Mrs. A. J. Davis or Mrs. Geo. Jenkins. As a matter of fact she is Mrs. George Jenkins, although married to A. J. Davis of Darien.

Divorced Last June

On June 20, 1901, Judge Dunwiddie heard an application for a divorce on the part of Emma Jenkins, vs. George Jenkins. After hearing the testimony and there being no appearance on the part of the defendant the judge made an order for a divorce in the case.

No Decree Ever Granted

C. W. Reeder was the attorney for the plaintiff in the case and as his fees and the clerk's fees were never paid, the judgment in the case was not filed and there was no divorce. Afterwards and before the year had elapsed after the order was issued Mrs. Jenkins, thinking herself divorced went down into Illinois and married Davis.

Brought To Court

As she refused to pay the attorney's fees and the clerk's fees, Mr. Reeder brought the matter up before Judge Dunwiddie this morning and after a review of the facts the judge issued the following order:

Judgment Set Aside

"It appearing to the court upon the records in this action that no judgment has ever been entered pursuant to the order therefor made herein, and further appearing to the court, upon credible authority that the said plaintiff has attempted to re-marry without leave of court, and before the entry of any judgment it is therefore ordered that the order for judgment of divorce herein, heretofore made, be and the same is hereby vacated and set aside."

What Is The Situation

Mrs. Jenkins or Davis as she is now called finds herself guilty of bigamy. At the present time she is no better off than she was before she began divorce proceedings against George Jenkins.

FRIENDLY TO UNITED STATES

Queen Regent and King of Spain Honor Americans.

Madrid, May 16.—That the Spanish court nourishes only the most friendly spirit toward the United States was evinced at the reception in the palace by the queen regent of the foreign missions appointed to attend the accession of King Alfonso XIII.

Dr. J. L. M. Curry, the American envoy, and his secretary were ushered into the royal reception hall immediately after the papal nuncio and before all the other envoys.

The queen regent gave Dr. Curry an extremely cordial welcome, and after the formalities of the function singled him out for a long and confidential conversation.

Dr. Curry presented at the reception President Roosevelt's letter to his majesty.

The United States envoy made a short address, the text of which had been submitted to President Roosevelt before Dr. Curry left Washington.

The queen regent listened to the address with an expression of keen pleasure, and alluded with satisfaction to the relations which then existed between the minister and the present court.

After the king had read President Roosevelt's letter, he smiled and said to Dr. Curry in English:

"I am glad to see you. You were here when I was born."

THE MEAT RIOTS IN NEW YORK

Vidish Ghetto the Scene of Rabid 'Anti-Meat Trust' Demonstration—Police Powerless.

New York, May 16.—Following a night of meetings and rioting the East side Jews this morning continued their demonstrations against the butchers with renewed violence and a thousand extra officers stood guard around the Hebrew meat shops, but their efforts to prevent the angry actions of the crowd were futile. Women poured kerosene over the meat and poultry exposed for sale and the beef in almost every shop in the Ghetto was ruined and the leaders harangued the mob with violent denunciations of the meat trust.

STARTS BUSINESS NEXT MONDAY

Crushed Stone and Gravel Works Are Nearing Completion.

IS A \$50,000 OUTLAY

Finest Anywhere Outside of Chicago—Owned by the Knickerbocker Co.

PLANT IS COMPLETE

The crushed stone and screened gravel plant of the Knickerbocker Ice Co., located on the Wheeler farm near the eastern limits of the city is much more of an institution than many people are aware of. The plant when completed will represent an outlay of \$50,000 and will be one of the most complete outfits this side of Chicago.

Located Near Railroad

It is located on the Janesville and Southeastern branch of the St. Paul railroad and is connected with the line by two sidings twelve hundred feet long, which are necessary to handle the cars that will be filled daily when the plant is running full capacity.

A Big Plant

The establishment is 230 feet long, consisting of an engine and boiler room, crusher and machinery room and storage bins. The engine and boiler room is 32 by 32, one story high. The engine and machinery room is 32 by 58 three stories in height, with a tower. Beyond these buildings are the storage bins, five in number 32 by 28 and 32 feet deep.

Immense Engines

The plant is equipped with two, one hundred and twenty horse power boilers, a sixty-five horse power engine to operate the pumps and machinery and a fifty horse power hoisting engine, besides two rock crushers, and revolving screens, and the necessary water pipes and pumps for washing the gravel. The factory will have a capacity of twenty-five car loads a day, of roof gravel, torpedo for cement walks, gravel for concrete and crushed stone.

Water From Deep Wells

The water for washing the gravel as it comes from the pit is secured from two six inch wells, 450 feet deep. They are not artesian wells, although the water comes within six feet of the surface.

Gravel Near At Hand

The gravel is taken from the large bank located just north of the building, three acres of which has been opened for use. A large dipper or scraper with a capacity of a yard and a half is suspended by a trolley from an inch and a half steel cable, which runs from the top of the tower on the crushing building to a tower located in the further side of the pit.

This big scoop when filled at the pit is drawn up to the trolley and carried along on the cable to the hopper on the tower, eighty feet above the ground where it dumps itself automatically. As the gravel falls into the hopper it is deluged with a stream of water which cleans it of the sand. It then passes on down the chute to the revolving drum where the different sizes of fine gravel pass through the holes into the chutes fitted with endless car-rlers, that take it to the different bins and dump it ready for loading on to the cars. The large gravel stones travel on through the screen into a chute and drop down to the crushers on the floor below; where they are crushed and conveyed by a carrier to the bin. The sand, water and refuse is carried off through a large waste pipe. The storage bins are so arranged that the cars are loaded through chutes on either side and the cars can be filled about as fast as they can be placed under the chute.

Opens Monday
Superintendent John Buster, is rushing the work along and expects the plant to be in running order on Monday. Everything was in readiness to start yesterday, but one of the pumps filled up with sand and in order to be sure that it did not occur again, a new pump of a different class was ordered. It is expected here today. The Knickerbocker Ice company are rushed with orders for the product of the plant and it will be kept going night and day when it is one started.

METHODISTS HOLD BIG MEETINGS

BOTH CONGREGATIONS HEAR DR. W. H. OLDDHAM TALK OF EAST.

An Eloquent, Enthusiastic, Forceful and Convincing Speaker—Has Traveled Extensively, and Talks Many Languages—Born in India, and Tells of Strange Sights.

The joint missionary service held by the congregations of Court Street M. E. and First M. E. churches in the auditorium of the First M. E. church last evening was one of the most interesting meetings of the kind ever held in this city. It was largely attended, the church being well-filled with men, women and children who came to hear the stirring missionary message brought by Dr. W. H. Oldham, of Chicago, secretary of the Methodist Episcopal church at large.

Opens With Song Service
Rev. James Churn, pastor of the First M. E. Church, presided and after a brief song and prayer service the balance of the evening was devoted to Dr. Oldham's address. The address was unique and unusually interesting from the fact that Dr. Oldham dealt largely with concrete instances rather than with the subject of missions in the abstract. He is a finished scholar, speaking several languages fluently, and has traveled extensively, thus having an exhaustless fund of personal experiences and information. He is a rapid eloquent speaker, forceful and convincing in his earnestness and enthusiasm.

Native of India
Born in India of a native mother and an English father, he early entered the government employ as a surveyor and his work brought him the opportunity for his first missionary service about six weeks after his conversion. The purpose of Dr. Oldham's address was to emphasize the fact that the missionary society does not raise the question primarily of where a man lives but rather of whether there are anywhere human beings who do not have the opportunity to know Jesus Christ. It is not a geographical question but one of need.

First Missionary Work
Dr. Oldham told of his first missionary work. Sent out by the English government to make a map of the oases in the Indian desert, he found that the dwellers of the desert had never heard the name of Christ so he spent his days in making maps and his evenings in telling the story of the gospel. He spoke of one evening when six hundred men and boys gathered to hear him and amazed him with their keen, philosophical questions and the eagerness with which the Gospel was accepted.

Gospel is Welcome
Other instances were cited to show that wherever the Gospel has gone to a people, conveyed by loving hearts, it has been received eagerly. Thebesetting sin which the young missionary has to unlearn is pride of country and race snobbery. He must see not men of a lower civilization, but the man possessing possibilities of immortality. It had been the speakers' privilege to look in the face of all great heathenisms and to baptize people in every heathen land on the earth and it was his personal testimony that in every land to which it has been taken the Gospel is the power of God.

Work in Malay
Dr. Oldham baptized the first Malay woman who was born into the Methodist church and among the other countries in which he has administered the rite of baptism are India, China, Japan, Hawaii, Egypt, and South Africa.

BELOIT WON THE GAME

Defeats West Virginia Giants by a Tidy Score in a Good Game
A fair sized crowd gathered at Athletic park on yesterday afternoon and saw the Beloit college baseball team defeat the university of West Virginia by a score of 4 to 2.

PATRIOTISM

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger, but not dyspepsia.

The confirmed dyspeptic is fit for treason, stratagems and spoils. The man who goes to the front for his country with a weak stomach will be a weak soldier, and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It builds up the body with sound flesh and solid muscle.

"After I received the advice which you gave me in regard to my treatment," writes Geo. Dornier, Esq., of 1915 Pulaski Street, Baltimore, Maryland, "I used your 'Golden Medical Discovery' according to directions. After using four bottles I considered myself cured, as I have not felt any symptoms since. Had tried almost all remedies that I heard of that were good for dyspepsia, but with no relief. Finally, I became discouraged, and wrote to you for advice, with the above result."

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

The air was cold and raw and interfered somewhat with snappy play. The game however, was one of the best ever played in Janesville. The eastern boys played ball like veterans and are equal to many of the professional league teams. The Beloit team put up a good game and were exceedingly lucky in getting balls batted into their hands, and were also given a shade the best of it by the umpire in one or two cases.

Four Good Innings
Up to the end of the fourth inning neither club had scored. In the first half of the fifth inning of the Virginians made the circuit all right and in the sixth Medeburg did the same thing. So far Beloit had failed to score and it looked as if the game might be 2 to 0 in favor of Virginia.

Make Winning Run
In the seventh inning there was a change, McWhorter, the Virginian's third baseman made a couple of bad fumbles and dropped a high fly. This coupled with three or four hits by the Belois brought them in four runs and left the score 4 to 2. No more scores were made by either club during the next two innings, both sides going out in one, two, three order. Adkins was in the box for Beloit and pitched as good a game, but was no better than his opponent, Washer, who has an easy delivery and pitches a wonderful ball. The features of the game were the long runs and catches by the fielders and the fine throwing of the Virginians. The score by innings was:

By Innings
West Virginia. 0 0 0 1 1 0 0 2
Beloit. 4 0 0 0 0 0 4 0 4
Summary: Struck out by, Bowman 8; Adkins 7. Passed Balls—Beloit 1. Stolen Bases—Beloit 2. Base on balls—OF Bowman, 1. Umpire—J. C. Kline. Time of game—1 hour.

GAZETTE NEWSBOYS TO CELEBRATE

Paper Boys Will Be Pleasantly Entertained at The Y. M. C. A.

Rooms Tonight
All the carrier and selling boys of the Gazette will be entertained tonight in the Y. M. C. A. building. For the past two weeks Mr. G. W. Walker, the manager of the circulation department has issued invitations to the boys to this feast.

Boys Enthusiastic
If you have had very much dealing with boys you probably know what it means to announce yourself to them quietly; if you do not know you have missed much of real life; to hear yourself called very endearing names here are a few of them: "Hot air merchant," "Get next to his Nibs," "Hear his jags," "We got a bid to der party," "He's a warm baby," "Aint he a hummer," "He's got a live wire," "Hear them wheels squeak," "Loosen up, old man," and many more such ejaculations; and the boys can ask more questions in a minute than (many lawyers) would answer in twelve months.

Reception to Boys
The boys will be welcomed by the secretary of the association, Mr. Klein. A short programme will then be given. A male quartette consisting of Messrs. Crawford, Cary, Dr. Richards and Klein with Miss Crawford at the piano. Mr. W. F. Gaskins the baritone, has very graciously consented to sing for the lads.

Leaf Tobacco Notes.

The buying of the new crop of tobacco continues in a moderate way and the sales of old cased goods remain in a rather quiet condition. The assorting rooms are still working and the young tobacco plants are growing nicely.

Quite a number of buyers are still riding the growing districts in quest of such crops as remain in the hands of the farmers. The quantity held by the farmers is rapidly growing less and in some sections is about all gone.

In old goods conditions remain about the same as for several weeks past, sales being confined mostly to small lots, although Leopold Well, of New York, has purchased 142 cases of 1900 binders. He also purchased a small lot of L. B. Earle & Son.

The assorting season is gradually drawing to a close but there are about fifteen assorting rooms in operation, employing about 500 persons, the next four weeks will finish the season with the most of them.

The growing plants are doing nicely in all parts of the country and are reported to be in a healthy condition and plentiful in number. Plants vary in size from that of four tiny leaves to those having leaves the size of a teaspoon bowl.

Albert Schnell, residing on Milton avenue, has some of the largest plants in this section. They are nearly ready for transplanting.

George H. Rumrill received considerable tobacco of the farmers of Evansville this week. Judging from the large deliveries which have been made here during the week one would suppose that the tobacco had all been drawn from first hands, and yet buyers are still in pursuit of more in the growing districts, says the Edgerton Reporter.

The transactions in old goods are very few, about the only one to re-

Shoppers May 15. The strawberry festival and concert given by the Methodist men, will be held in the Congregational church on Wednesday next. All friends from the village and vicinity are invited.

There will be no service in the M. E. church, Sunday, as the building is undergoing extensive renovation. The contract for painting and papering the M. E. church has been let to Mr. Ed. Hopkins.

ALBION.

Albion, May 15, 1902: The Academy base ball team defeated the Rockdale team Friday, at Albion, score 17-20.

On next Monday evening, May 19, Rev. Thos. W. North of Milton will deliver a lecture in the town hall under the auspices of the I. O. G. T. lodge.

Thursday closed the examination at the Academy.

Rev. S. H. Babcock expects to leave the first of next week for South Dakota where he will spend several weeks in evangelistic work. The Rev. Mrs. Townsend of Milton will occupy the pulpit during his absence.

Having received new uniforms, the band boys gave a free concert Wednesday evening. The hall was packed to overflowing.

ALBANY.

Albany, May 15.—Miss Gertrude Carle, of Janesville, is the guest of Mr. and Mrs. Andrew Christopher. Mr. and Mrs. R. A. Barney of Monticello came down Saturday and remained until Tuesday with the lady's parents Mr. and Mrs. C. A. Babcock.

Chas. Francis was an over Sunday visitor in Monroe. Simon Strauss was up from Orfordville on business Monday. Mr. and Mrs. Turn Canfl are rejoicing over the arrival of a little son which arrived at their home Tuesday, May 13. Miss Erna Sutherland of Brodhead is visiting friends here.

Mr. and Mrs. H. C. Atherton were Brodhead visitors last Saturday.

Mrs. May Swan of Dayton is the guest of her sister Mrs. Clara Canfl. Miss Mary Sutherland returned from Brodhead Monday after a short visit there.

LIMA.

Lima, May 15: Mrs. Chas. Bullock of Whitewater is the guest of her sister Mrs. R. H. Stetson.

Amy Olson is on the sick list.

Paper hangers are expected to work at the U. B. Church next week.

The Snell orchestra of Ft. Atkinson are to give an entertainment in the Methodist church here on the evening of May 22. Admission 20 cents—All invited.

Mrs. Jones continues about the same.

Bible class meets with Mrs. Chapman this Saturday evening.

J. A. McComb and Grant Howard, were over from Six Corners Wednesday afternoon.

Harvey McComb and Miss Lillie Godfrey of Whitewater, were guests of Lima relatives Sunday.

AFTON.

Afton, May 15.—The teachers and pupils of the Afton graded school observed Arbor Day in a practical manner last Friday, by raking up the dead leaves and brush in the school yard and making of them a rousing bonfire. Preparations are being made by the school for the observance of Memorial Day and a good program may be looked for. Particulars later.

A brand new baby boy has come to live with Mr. and Mrs. Frank H. Otis, having made his appearance last Monday.

The old "square house," that has been a prominent landmark of Afton for more than forty years, now exists only in memory. O. D. Antisdal having finished the razing of the historic structure last Wednesday. A more modern dwelling will arise in its place.

The Baptist Sunday school will observe Children's day on the third Sunday in June this year, instead of the second Sunday as has been customary. The change is made to give the children more time between the Memorial exercises and the Children's Day observance.

James Powers, sentenced to Wau-pun for two years by Judge Fifield, last Tuesday, for participating in the burglarizing of Hamlin's jewelry store at Beloit, is well known to Afton people, having been a resident here prior to his departure for the Philippines as a volunteer. The fact that Jim had a hand in the burning of the old brick school house here a few years ago, while a lad, came up against him, for at that time he was arrested and pleaded guilty, but as he was a mere boy and it was his first offense, sentence was suspended during good behavior.

ORFORDVILLE.

Orfordville, May 15.—Mr. and Mrs. Hyerdahl, spent Tuesday of this week in Brodhead.

A party of young people, namely: Misses Julia Onsgard, Ethel Jones, Sater, Oleson, Rieister Kee and Mrs. Peterson and Messrs. Onsgard, Sam Onsgard and L. C. Grundeland, went to Janesville Monday evening to attend the Physical culture entertainment given by Mrs. Janet Day.

Miss Hattie Olson spent Sunday with Mr. and Mrs. Chris. Thompson, of Brodhead.

Mr. E. A. Dotter was a passenger to Janesville Wednesday.

An exciting game of base ball will be played here Saturday between the married men and single men of Orfordville.

An interesting game of tennis was played last Wednesday evening.

Russell Donner and Glen Howe, accompanied by the Misses Birdie Burtress and Emma Hansen, attended the home talent play in Janesville Monday evening.

Mr. E. Haugen is here from Ken-sawt, Iowa, to remain a few days visiting friends and relatives.

Mrs. Reeder and child Ruth, arrived Wednesday to spend a few days here with her son Harry.

Gust. Lee is now employed by C. C. Naugle in the livery barn.

G. O. Onsgard is reported quite ill.

Osema Knudson is visiting her sister Mrs. Hyerdahl, this week.

Mrs. Taylor and daughter Lola, Misses Tolleferson and Emma Sater, and Messrs. Smiley, Trulson, Haugen are others that were passengers to Janesville Monday evening.

A decided success was the result of the Home Talent Entertainment given Friday evening. Crowds from neighboring towns favored us on that night. The proceeds amounted to a goodly sum and went to the maintenance of the public library. Miss Julia Onsgard went to Brodhead Wednesday to visit her friend Miss Gullison.

"ROCK PRAIRIE"

Rock Prairie, May 15.—The lighting Monday evening struck the home of E. M. Martin but no serious damage was done.

The Milton college glee club showed themselves off creditably at the U. P. church Tuesday evening.

Miss Mae Morgan is staying at Rev. S. G. Huey's during Mrs. Huey's absence.

J. Youngclaus is hauling stone for the foundation for his barn. He is going to repair and move the old barn on a new foundation.

Mrs. Ida Wood is able to be up and around the house again.

EMERALD GROVE.

Emerald Grove, Wis., May 16.—The Beloit District convention takes place at the Congregational church next Tuesday and Wednesday. 33 churches are to be represented, an about fifty ministers and delegates are expected. The program begins Tuesday afternoon at two o'clock.

As Mrs. Krieger was returning home last Saturday evening she had the misfortune of dislocating one of the bones in her ankle. Dr. A. E. Loomis, who recently located here, was at one called and performed a very successful operation. At present she is getting along as well as could be expected.

Last Monday morning the Grove was the scene of a lively runaway. A four-horse team belonging to J. A. McArthur started at his residence and ran to the Grove. One of the horses was seriously and perhaps fatally injured. The other three escaped without any injuries.

Dr. Brown of Janesville was at once summoned and the wound dressed.

Mrs. Ira Nye, son and daughter of Eureka, Kan., are visiting relatives in this community.

The Ladies Auxiliary society met at Mrs. J. T. Boynton's last Thursday afternoon.

Mr. and Mrs. Jay Chubbie are rejoicing over the arrival of a baby boy.

Our village school now numbers forty-three.

Arbor and Bird day was observed in the usual way: Exercises in the morning, cleaning up the school grounds, school room and planting trees in the afternoon.

At the annual meeting of the Emerald Grove Cemetery Ass'n. held on Monday evening, E. H. Ransom was elected president to succeed himself.

April 24 was the day appointed as cleaning up day in the cemetery grounds. Let every one interested in good repair turn out. Don't leave this matter to others, but come and assist yourself.

Dr. E. A. Loomis of Spring Grove, Wis., has moved to this place and is now comfortably settled in the Goodrich house. As he comes to this community well recommended, he is worthy of liberal patronage.

You, Sir! Where are you going to buy that new carriage? Upon your decision depends a great deal of your personal comfort and peace of mind. A mistake in vehicle quality means misery and bad temper. Send away to the mail order concern in Chicago or elsewhere, if you must, and make your selection from pictures and trumped-up descriptions; but don't ignore the fact that we have right at your door a most reliable line of vehicles (not pictures) to show you, and which we are selling as low as anyone can sell equally as good work. Our vehicles are warranted and backed by us. Our number 100 Stanhope is one of the many styles we have to show. Call and see us. Also have second hand buggies, phaetons, and surreys. All repaired in good shape and cheap.

WEATHER FORECAST.
sunny, light breeze, cloudy tomorrow.

IT SEEMS UNJUST.

While it is true that nothing adds more to the attractiveness of a city than good streets, it is also true that the arbitrary method pursued in ordering the work is proving a hardship to many property owners, and while the council is acting within the limits of the law, the members are being severely criticised. The residents of South Jackson street entered a vigorous protest without avail, and all but two of the Milton Ave. property owners joined in a remonstrance to no purpose. Some of these people will be obliged to sell their property to satisfy the assessment. It is well enough to claim that value will be added to the property, and that they have no business to own more land than they can support. The homes on these streets are not palaces and the occupants are not millionaires. Many of them belong to laboring men, who have their all invested in a little home.

The city is unfortunate in owning a stone quarry and a stone crusher. Both are luxuries and both are demoralizing to good morals and good streets. Under the management of a council which lets contracts and furnishes employment to its own members, in defiance of law it is not at all surprising that tons of worthless material is spread on the streets to be blown away by the first wind or washed away by the first storm. Neither is it surprising that the work of macadamizing is vigorously pushed. It would be cheaper for the city, better for the streets, and infinitely better for the good name of the council, if the quarry had never been discovered, or the stone crusher never bought. The money that the outfit costs the city every year, invested in crushed Devil's Lake Stone, would make as many miles of street, and when the work was completed, there would be something to show for it, besides a cloud of dust or a mortar bed.

The Gazette believes in city improvements, but there ought to be some way to get at it so that the expense would be more evenly distributed and the work more intelligently accomplished. The public crib is always enticing, and while the new streets may not be very enduring, the City Hall will long remain as a monument of extravagance. There is another question about the wholesale macadamizing of streets that is worthy of attention, and that is the validity of the bonds issued against the property. LaCrosse is having a little experience with this class of securities just now, and investors are not satisfied to handle the bonds. Janesville may experience the same trouble. Property rights are usually considered sacred, and while it is easy to unload crushed stone on an unwilling customer, the question of who is to pay the freight may be more difficult to determine. It sometimes pays to "go slow and learn to peddle."

ROCK COUNTY FOR COOPER

It has long since been known that the LaFollette forces were making a still hunt for a Rock County candidate to oppose the re-nomination of Hon. H. C. Cooper for Congress. Overtures were made some time ago to M. G. Jeffris, but it was soon discovered that he was too much of an anti-LaFollette man, to be in sympathy with the movement. The case was becoming desperate, and all hope seemed abandoned, until last Wednesday evening, when a fragment of the "Thoroughbred" club got together and agreed to unite on Mayor Victor P. Richardson.

This action on the part of the LaFollette forces means of course throwing down the gauntlet, by introducing state issues into the congressional campaign. Mr. Richardson understands, as does every body else, that there is no organized effort against Mr. Cooper in this district, and that there is no chance of carrying Rock County against him in the convention.

If he lends himself to the scheme, it will simply amount to providing the LaFollette forces with a leader in the county, and to a test of strength that might have some bearing on the State Convention.

While it would be very flattering to Mr. Richardson to receive a congressional nomination, it will not be accomplished this year. Mr. Cooper has a host of friends throughout the county who believe that he should be returned. The lines are not drawn on him, so far as the state contest is concerned, for he has not been a party to it. The Republicans of the city and county will see to it that delegates are elected at the caucuses to be held next week, who are friendly to Mr. Cooper's re-nomination. The contest for delegates to the state convention will be spirited, but there is no good reason why this contest should enter into the congressional convention.

Mayor Richardson disclaims any knowledge of the effort to honor him with congressional notoriety, and says that he is not seeking office and will not consent to be a candidate.

THE ISLAND OF MARTINIQUE

The Bureau of Statistics at Washington, has recently published some interesting statistics concerning the ill-fated island, furnished by Mr. Le Roy Beaulin, a noted French statistician.

Martinique has an area of 351 square miles and a population of about 190,000, of which number about 5,000 are laborers, brought from India and over 5,000 Chinese immigrants. The remainder of the population is largely native negroes; the white population numbering about 10,000. A large share of the interior of the island has never been brought under cultivation, although it has been occupied by the French almost constantly since 1636, a period of 267 years, the only interruption in French control being the period from 1794 to 1802, when the island was held by the British. Slavery existed until 1848, when it was abolished in this as well as other French colonies. Notwithstanding the fact that a large part of its interior has never been brought under cultivation, the island is described by Reclus as "one of the most densely populated spots on the globe; on the arable lands people are packed as closely as in such industrial centers as Lancashire, Flanders, or Saxony."

The island belongs to the group of French colonies, having a legislative body, composed of natives, and is represented by members in the French Parliament. The population is largely negro and dense ignorance prevails. The Mother country has more or less trouble with her colonies on this account, and local self-government has not proved the most successful.

The commerce of the two French colonies, Martinique and Guadeloupe, with the United States has amounted to nearly \$2,000,000 per annum, during a long term of years, a large proportion being exports from the United States to those islands. In the year 1900 our exports to the islands were \$1,857,168, and our imports from the islands, \$30,176. From them we import chiefly vanilla beans, while our exports to them are flour, cotton seed and mineral oils, coal, lard, meats and lumber.

When the city relieved the street railway company for care of the streets between the tracks, it assumed responsibility that will result in additional public expense. The much discussed pavement at the east end of Milwaukee street bridge is simply waiting for the city to do its share of the work. It is idle to claim that the property owners are obliged to pave to the middle of the street. If that rule is applied, the property owners would be obliged to keep the road bed in repair from Oak Hill to the power house.

"I expect to pass through this world but once; any good, therefore, that I can do, or any kindness that I can show to any fellow human being, let me do it now, for I shall not pass this way again." The home motto of the late Jesse Stone. So full of high and holy sentiment, that it adds new lustre to the name of the man whose friendship was a benediction.

Geologists will have a busy time explaining why the volcanoes are just now on a rampage. It is generally understood that they are liable to get up a disturbance on short notice. They should be labeled dangerous.

The republican state central committee will meet in a few days to decide the time and place of the convention. The time is not so important, but there is only one city in the state for a convention, and that is Milwaukee.

La Crosse is suffering with an epidemic of rattlesnakes. The city has long complained of dull times and lack of enterprise. There's nothing like a rattlesnake to make things lively.

The corner stone of the new city hall cost \$225.00. That is the lettering on the stone cost that amount. The stone itself was a part of the contract. It costs money to decorate corner stones.

Thomas Nator, of Portage, tried the water-cure on his neighbor Clemons. He poured \$25.00 worth of the fluid down his back and settled the bill in court.

Practical sympathy is the only kind that counts and America has a large heart and generous purse, when it comes to the relief of suffering.

The Prophet Dowle permitted his daughter to die as the result of an accident, without summoning medical aid. He is consistent, to say the least.

Governor Yates, of Illinois, is making a tour of the state institutions. Governor LaFollette has no time to devote to this class of work.

Pasteurized Milk

Does Not Sour Quick

Hot weather is usually a hard trial on the common kind of milk. Thunder showers turn it almost without exception. Pasteurized Milk will not sour with the heat as quickly, neither will thunder showers effect it. This is because of the process Bower City Milk and Cream passes through. It is absolutely pure when delivered to you. **Qt. 5c**

NOT A PROOF AGAINST TEARS

Hard Hearted Justice Listens to a Woman's Wails, and Continues The Case.

Justices of the peace and attorneys at law are commonly judged to be hard-hearted wretches, proof against life's tender sentiments and sympathies, but in spite of this supposed state of affairs a woman's tears proved powerful enough to adjourn court. The scene occurred in Justice Jesse Earle's court yesterday afternoon the case being the action of Mary Monahan vs. Ann R. Cribben.

Sisters in Trouble
The two women are sisters but ties of kinship did not prevent them from carrying their troubles to court when a dispute arose over a promissory note for \$180, in which the plaintiff claims an alteration has been made.

Lawyers Squabble
The plaintiff's interests were placed in the hands of E. H. Ryan and M. O. Mout, while George G. Sutherland and Charles E. Dunn appeared for the defendant. The contest in the court room was a spirited one, the lawyers engaging in a give and take fight of legal quibbling and objections. Finally the defendant was placed on the witness stand and the legal wrangling proved too much for her. She became nervous, then hysterical and at this juncture, both justice and lawyers became desperate and the court was summarily adjourned.

Finished This Morning
The case was continued and finished this morning but Justice Earle evidently feared that his sympathies had been worked on and his nerves were not in proper condition for him to give a calmly judicious finding in the case. He therefore took the case under consideration for a week and will render his decision on Friday, May 23.

IS LAID AT REST

Funeral of the Late Thomas McClerman Held This Morning
Funeral services for the late Thomas McClerman were held from St. Patrick's church this morning at 9:30 o'clock and the sacred edifice was filled with sorrowing friends, assembled to pay their last tribute of respect to the memory of the courteous gentleman and scholar, who has passed away.

Many beautiful floral offerings also testified eloquently to the high esteem in which the deceased man was held. Solemn high mass was celebrated by Dean E. M. McGinnity assisted by Rev. Fathers McNaughton, of Madison; Harlan, of Edgerton; and Condon, of Oregon, with Rev. Father J. J. Collins, of this city as master of ceremonies.

At the conclusion of the impressive service the remains were taken to Mount Olivet cemetery for interment, the pall bearers, being Hugh Joyce, Martin Dunn, James Sennett, Dennis Hayes, James Burns and P. Kavanagh.

ROSE COGHAN TONIGHT

The preparations for the Elks' Benefit at the Myers Grand Opera House this evening have been completed in every respect, and the house presents a handsomer appearance than ever before in its history. The Janesville advance sale of seats has been gratifying to the Elks and the greater portion of the house has been sold out. There are still however a number of good seats left and anyone wishing them will do well to secure them before the evening sale opens.

CITY NEWS IN BRIEF

Degree of Honor Meeting: The Degree of Honor held a regular meeting last evening and three candidates were initiated into the order. The initiation was followed by a social session at which light refreshments were served.

Car Jumps the Track: Car No. 7, of the Janesville street railway, in charge of Motorman Frank Chaplin, jumped the track while crossing the right of way of the C. M. & St. P. R. R. on Academy street at 9:30 this morning. It was replaced on the track after a half hour's work.

Busy Factory Building: The Janesville Pearl Button Co. have purchased the frame building on Park street between Shurtlett's ice cream factory and the Lewis Knitting factory, owned and recently occupied by the Taylor-Lowell Mfg. Co. The structure is 24x30 feet, one story high. The building will be moved down Main street, along Eastern avenue, a distance of about a mile, to the rear of a lot where the Button Co. is building a factory, and when the factory is finished the building about to be moved will be used for a shed in which to store shells.

Golf Championship Games: The directors of the Wisconsin State Golf association met yesterday at the Milwaukee Country club and fixed the dates for holding the state championship tournament. The dates selected for the event were July 24, 25 and 26, which will be held on the links of the Country club. Although the association is less than a year old, it includes eight of the thirty-seven clubs of the state and the others have been invited to join.

13 Lucky Fishermen: Thirteen is a lucky number. So thought a party of thirteen disciples of Isaac Walton, who were enroute from Lake Waubesa, near Madison, to their home at Lena, Ill., this morning. They spent a part of the day in Janesville. The party had been fishing at Lake Waubesa several days and were returning home with nine baskets containing over 200 pounds of pike, pickerel and bass. The fish were beautiful and weighed from 2 1/2 to 7 1/2 pounds each.

The members of the Century heart club, were pleasantly entertained on Thursday afternoon at the home of Mrs. E. M. Nightengale, No. 60 Terrace street. Cards formed the principal amusement, for the afternoon, the prize winners being: Mrs. W. H. Brazzel first; Mrs. Crowley, second, and Mrs. Charles Garbutt, consolation. Choice refreshments were served by the hostess at the close of the game.

A lady in a Sunday school has a class of small boys. Not long ago after the lesson was over, as was her custom, she began to tell them something about God. This time she choose the power of God as her theme. She told how he "turned the water into wine, opened the eyes of the blind, made the lame walk," and many other miracles of God's power.

One little boy said, "I know something God can't do."
His teacher said, "Why, that is wonderful. What is it? I cannot conceive anything that God cannot do."

The little boy replied, "He can't make a three year old colt in one day."—Philadelphia Times.

TO HOLD A JOINT DEBATE, TONIGHT

The Rusk Lyceum and Laurean Society Will Discuss Cuban Question and Feast Afterward.

The young ladies of the Laurean Society and the young gentlemen of the Rusk Lyceum, the two debating societies connected with the Janesville High school, will hold a joint session and debate at the High school building this evening. The challenge was issued by the Rusk Lyceum and was accepted by the Laurean girls.

Cuban Question.
The question for debate will be "Resolved that the ultimate solution of the Cuban question will be the annexation of the island," this being the same question on which the Janesville and Appleton High schools will meet in joint debate at Appleton, June 6. On that occasion the Janesville boys will defend the negative side of the question and the Rusk Lyceum will speak for the same side this evening. The Laureans having chosen the affirmative.

The Speakers.
Miss Elizabeth McKee will open the debate and give the rebuttal for the affirmative, the other speakers for the Laurean society being Ruth Fifield and Grace Winteroth.

The Rusk Lyceum will be represented by Stow Loveloy, who will open the debate, Harry Doran and Frank Holt. Mr. Holt will be the last speaker on the negative and he will also give the rebuttal.

Who the Judges Are.
The judges have been chosen from the faculty and will be Miss Emma Paulson, Mrs. Frances Whitaker and P. W. VanHorn. The debate will be held in the science recitation room and will not be public, only members of the two societies being present.

Will Serve Supper.
Following the debate there will be a spread in the Art room which has been decorated for the occasion. The idea of serving an elaborate banquet was abandoned and it was decided to make the social feature of the evening as informal as possible.

Committees were appointed from each society to make arrangements for the debate, the personnel of the committees being as follows:

Committees.
Laurean Arrangement Committee—Charlotte Mount, Irma Keller, Eureka Kimball and Alice Harper.

Lyceum Arrangement Committee—Stow Loveloy, Harry Doran and Lester Strang.

Laurean Decoration Committee—Isabelle Smith, Louise Merrill and Josephine Treat.

Lyceum Decoration Committee—Frank Holt, Harold Dearborn and Rollin Lewis.

NEW ELECTRIC CARS ARRIVE

The Forest Park Line Started Today— Full Line in Operation by Decoration Day.

For the first time since last February, when the Janesville car barns burned to the ground and part of the rolling stock was destroyed all lines of the street car service are in operation today. Cars have even started on the Forest Park line and residents of that suburb are now able to enjoy metropolitan comforts. Two new cars arrived yesterday and two more are on their way.

New Cars Here.
The two new cars ordered from Worcester, Mass., arrived yesterday and were used for the first time to carry passengers to the ball game.

Although they do not look so large as the ones now in service they really seat two more persons having a capacity of twenty-six while the old ones seated twenty-four and had narrower aisles. The seats are also different, running the length of the car, not the reversible ones on the old cars.

Run to Forest Park.
The Forest Park line began operations this morning. From now on they will make regular trips and run on scheduled time. This not only is the cause of great rejoicing among residents of that suburb but convenience to the public in general.

New Barns Finished.
Even the new barns are finished except for the stringing of the interior trolley wires and that will be done before Sunday. The barns are the same size as the ones burned and are frame structures with corrugated iron frames and a tar and gravel roof.

More Cars Ordered.
Aside from the two cars that have arrived two more have been ordered and are expected very soon. One of them will be a large open car with side curtains for summer use. Memorial day is the date fixed for the official opening of the entire remodeled service and the new rolling stock is expected before that date. When that date comes a regular running schedule will be set.

IMMENSE MOTOR FOR NEW ROAD

Arrives at Milwaukee Road Freight House—Will Be Used in Sub-Station.

An immense electrical machine, weighing thirty tons, and intended for the sub-station of the Beloit, Delavan Lake and Janesville inter-urban railway, was unloaded from the cars at the freight house of the Milwaukee road this morning, by E. T. Fish, the expert transfer man.

The machine was manufactured by the General Electric Co., of Schenectady, N. Y., and weighs something over thirty tons. It is consigned to H. H. Clough of the Wisconsin Construction Co.

Part of Sub-Station.
The apparatus is a part of the machinery to be installed in a substation of the electric road two miles south of this city.

Be the Most Gigantic Struggle in the
History of the Labor Movement.

Hazleton, Pa., May 16.—The anthracite mineworkers in convention decided to continue the strike of the 145,000 men against the mine owners and to fight it out to the bitter end. The matter of calling out the engineers, firemen and pump runners will be decided by the delegates to-day.

The vote to continue the suspension was as follows:
Total vote cast, 811; for strike, 461; against strike, 349; majority for strike, 112.

President Mitchell, however, in compliance with the rules of the United Mineworkers, announced to the public that the action of the convention was unanimous.

The step taken by the miners, after practically considering the matter for two months, has wiped out the uncertainty of the situation and it is freely predicted that the most serious labor struggle in the history of the country, if not the world, is about to begin.

While the leaders are cautious and will not forecast their actions, it is not unlikely that the fight will be carried into the bituminous coal regions and into other fields of industry. Mineworkers for eighteen months have been looking forward to the strike that is now on them. They have saved their money and are considered to be in better shape to-day for a fight than they were in the great strike of 1900.

The workmen fear that the present fight may mean the destruction of their organization, because they believe that the mine owners are bent more on wrecking their union than they are on opposing the demands for higher wages and shorter work days.

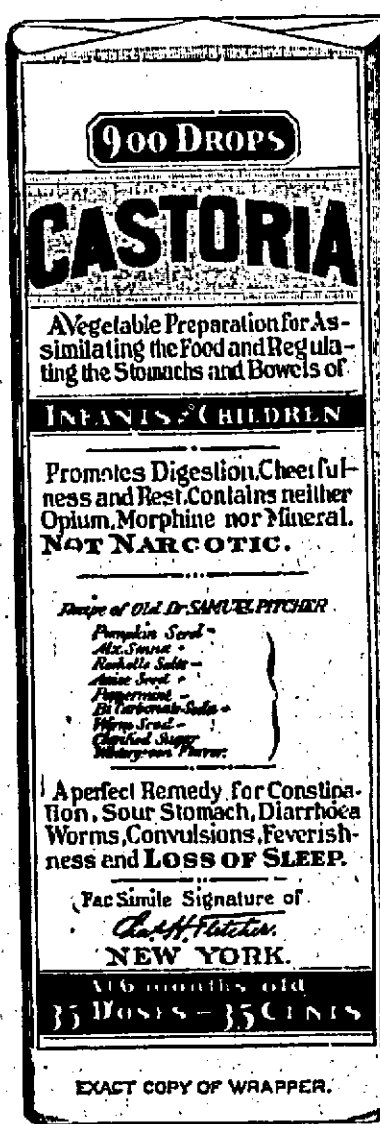

President Mitchell's advice to the miners was "peace," and he gave it to them in the plainest and most forceful language.

But the delegates would not listen and amid considerable suppressed excitement the vote was taken. For a time it looked as though peace advocates would win, but when delegation after delegation from the lower district, the last to be called, answered "yes" it was seen that the men who favored a fight had won.

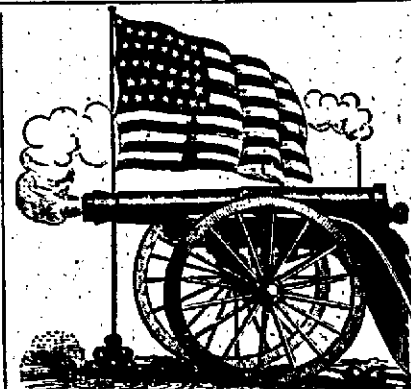

The result was received by the convention with applause, which, however, was not extremely enthusiastic or prolonged. The men appreciated the seriousness of their decision.

While the people of the coal fields are glad that the suspense is over the news of the convention's action has caused considerable depression. Business has been paralyzed to a certain extent and it probably will come to almost a standstill.

The question of where the strike headquarters will be established has not been decided, but Wilkesbarre in all probability will be selected. President Mitchell will remain here until Saturday or Sunday if Hazleton is not selected.

ISLANDS SUNK BY ERUPTION

Many Small Bodies of Land
Have Disappeared in
the Sea.

LANDSLIDE AT LE PRECHUR

Plantations and Houses Wiped Out by
Calamity—Damage at St. Vincent Is
Greater Than Shown by First Re-
ports.

Fort de France, May 16.—Several
small islands near Martinique have
been entirely swallowed up by the sea
since the great eruption of Mont Pelee
on May 8. Martinique is daily shaken
by earthquake rumblings. There was
a landslide near Le Precheur which en-
gulfed plantations and several houses.
Scientists here predict greater disas-
ters. The greatest uneasiness prevails.

Reports from St. Vincent.
St. Thomas, D. W. I., May 16.—Ad-
vices from St. Vincent indicate that it
is impossible to get nearer than eight
miles to the new crater that has ap-
peared in the volcano on the island of
St. Vincent.

The old crater was filled by a lake,
but this has disappeared, having either
sunk into the bowels of the mountain
or been blown in the shape of steam
and scalding water over the surround-
ing country.

The damage done to St. Vincent by
the present volcanic eruptions is now
known to be considerably greater than
was at first estimated. The present
uneasiness of the inhabitants of the is-
land is increased by the continuous
agitation of the volcanic craters.

The fissures that have appeared on
the sides of the volcano continue to
throw out hot vapor. Subterranean
noises are heard miles away from the
mountain, and the trembling of the
earth indicates the possibility of fur-
ther discharges.

The eruptions of less magnitude
than the first occurred on Saturday,
May 10, and from them fire and smoke
has been constantly ascending.

Interesting discoveries have been
made regarding physical changes on
St. Vincent resulting from the erup-
tions. Several fissures have been ob-
served on La Soufriere. The estate of
Kallibou has disappeared and has been
replaced by an islet of the sea. Rich-
mond, an estate adjacent to Wallibou,
which was formerly flat and upon
which there were several laborers' cot-
tages, has been completely buried, and
of the estate there now arises a large
ridge of ground.

The whole island is covered with a
peculiar mist, and the atmosphere is
charged with noxious vapors, which
have the effect of increasing the sick-
ness among the people. An ambulance
and medical assistance have arrived
from Barbados. The poorer classes
from the afflicted district are now
threatened with starvation, though the
government is feeding 3,000 of them
and giving them shelter.

Many of the bodies of those who
lost their lives have now remained un-
buried so long that decomposition has
set in and the odor is so overpowering
that many of the searching parties
have been compelled to abandon their
work.

Owing to the destruction of several
estates the sugar and arrow-root in-
dustries of St. Vincent are seriously
injured. Destitution prevails among
the laboring classes, who are without
houses, without clothes and hungry.
Nearly 2,000 deaths on the island have
been reported.

St. Pierre Easier of Access.

Fort de France, May 16.—The ap-
proach to St. Pierre is easier. The
fires in the wrecked buildings of the
city are extinguished and representa-
tives of the commercial houses from
Fort de France are digging in the
debris of houses and stores in search
of documents and valuables.

The town is a mass of indescribable
ruins, which bear a striking resem-
blance to those of Pompeii. In the
lower part of the town called "Le
Mouillage" the outlines of the streets
can be made out and in places here
and there are stretches of walls of
houses several yards long which are
still erect, but battered and crushed
in at the top.

Pioneer Miner Is Dead.

Seattle, Wash., May 16.—Richard G.
Willoughby, one of the best known
pioneer miners of Alaska, is dead.
Willoughby crossed the plains to Cal-
ifornia in 1848. In the early '60s he
went to Alaska, locating near Fort
Wrangel.

Representative Williams of Mis-
sissippi has a new negro story. "Are
you the defendant?" asked a man in
the court room, speaking to an old
negro. "No boss," was the reply.
"I ain't done nothing to be called
names like that. I've got a lawyer
here who does the defending." "Then
who are you?" "I see the gentle-
man what stole the chickens."—Ex-
change.

A western lawyer who was fond
of flowery language, began a speech,
not long ago, with the words:

"May it please the court, it is
written in the magnificent book of
nature—"

But thereupon the judge, who be-
lieved that chapter and verse should
be given for every legal authority
cited in his court, interrupted with:
"On what page of the book is that
written."—Exchange.
